TOWN OF CARVER

RECORDS OF BIRTHS, MARRIAGES AND DEATHS

VOLUME II

LOCATED IN THE TOWN CLERKS OFFICE
Transcribed by John A. Shaw 1998

I had always assumed the vital statistics were entered into the record books on a day to day basis by the town clerks, but by an act of the General Court approved March 16th 1844, the proper procedure for procuring and entering the information was dictated. A full copy of this act may be found in the front of this volume and is briefly described as follows:

The school committee shall submit all births annually to the town clerk by the first of may for the preceding year.

Every justice, minister and clerk, etc. shall return a copy of all marriages to the town clerk by the tenth of each month for the preceding month.

Each sexton of any burial ground shall make returns to the town clerk by the tenth of each month for all burials during the preceding month.

The two registrars entering statistics into this book were David Pratt and Thomas Vaughan.

I question some of the dates of entries as entered by the registrars whereas in many instances the date of entry includes dates of marriages or deaths that took place many months later such as in the case of an entry made on Jan. 6, 1857 for John B. Lucas who was born ten months later on October 25, 1857 and there are many more similar instances.

On page 60 of this volume is a note by a Robert T. Swan, Commissioner of Public Records dated Jan. 11, 1902 referring to the re-binding of this book.

There are separate alphabetical indexes in the front of the book for births, marriages and deaths. In many cases I question the spelling of certain names in the index as well as in the record book. The script in the original book is very hard to decipher on some pages and thereby leaves plenty of room for error in translation.

In cases where I couldn't decipher the script I inserted: "-?- or --?--"

TOWN OF CARVER

RECORDS OF BIRTHS
VOLUME II

From May 3, 1843 through December 28, 1858

LOCATED IN THE TOWN CLERKS OFFICE
Transcribed by John A. Shaw 1998

In this section for births, I have not followed the same format as in the record book and had to delete two columns in order to fit what I considered the more important items on to a single sheet of paper.

The following columns were omitted:

"Place of Birth" (Usually in the Town of Carver)
"Residence of Parents"

If either of these two categories are needed for confirmation of a person listed, refer to the original record book in the Town Clerks Office.

The two Registrars who entered the statistics for the birth section of this book are;

David Pratt for entries made from May 10, 1844 through May 30, 1846.
Thomas Vaughan for entries made from July 3, 1847 through January 19, 1858

NOTE: Some of the entries made during 1844 included dates of birth in 1843.

TOWN OF CARVER

RECORDS OF MARRIAGES
VOLUME II

From February 6, 1844 through November 24, 1858
(With the exception of one in 1832 and two in 1843)

LOCATED IN THE TOWN CLERKS OFFICE
Transcribed by John A. Shaw 1998

In this section for marriages I had to omit the following three columns in order to fit what I considered the more important items on to a single sheet of paper:

"Place of residence" (Usually was in the Town of Carver)
"Name, Residence and official station of person by whom married"
"Residence of fathers"
(If any of the above are needed for confirmation of a person, refer to original record book)

I rearranged the original format to an alphabetical index with cross references to the spouses names and an additional cross reference to the maiden names of females and with all entries referring to the page and item number where the individual names may be located in the record book.

In the column headed "Condition" the registrar started out by using descriptive words such as "bachelor, widow, widower and maid (as in maiden) but later on referred to whether it was a 1st, 2nd or 3rd marriage.

In the column headed "Item" you will find the item number preceded in some cases by 1st., 2nd, and 3rd, etc. This was necessary as each time the dates of entries changed on a page, the registrar usually started over with the number 1, 2, etc. and one page might have three number 1's or 2's etc.

The names of the registrars for this volume are:

David Pratt from March 1, 1844 through May 29, 1848.
Thomas Vaughan through Jan. 19,1858.

TOWN OF CARVER

RECORDS OF DEATHS
VOLUME II

From January 9, 1844 through December 27, 1857
(With the exception of four deaths in 1843)

LOCATED IN THE TOWN CLERKS OFFICE
Transcribed by John A. Shaw 1998

In this section for deaths, I have not followed the same format as in the book and had to omit two columns in order to fit what I considered the more important items on to a single sheet of paper.

The following columns were omitted:

"Place of birth" (Usually in the Town of Carver)
"Informant"
(If either of these items are needed, refer to the original document)

The two Registrars who made entries in the death section of this book are:

David Pratt for entries made from May 12, 1844 through January 8, 1850.
Thomas Vaughan for entries made from January 1, 1850 through January 27, 1857.

NOTE: Items 1 thru 5 on Page 90 at the beginning of this section do not have the dates when they were registered. A few of these entries date back to 1843.
